VI. BOARD ACTION

1. MPO Strategic Priorities (Leigh Holt, MPO)

Mr. David Hutchinson, MPO, explained that over the last several years, the MPO has undergone significant changes due to both external and internal factors:

- Externally, Federal laws mandating performance measures are being successfully integrated into MPO processes and will continue to impact the organization's way of work.
- Internally, the staff of nine has celebrated four retirements and one career advancement outside the organization in the last five years.

Although change means the loss of institutional knowledge, it is also an opportunity for reorganization and regrouping. The MPO planning team recently participated in a retreat to look back at organizational accomplishments in order to preserve recent history.

Staff also looked forward, identifying key tasks and mandates for the next two calendar years. The result of this analysis is the MPO Top Ten and the 2018 Strategic Priorities. This evaluation will be used to:

- Create an organizational structure and staff assignments to accomplish MPO Board priorities,

- Develop the next two-year fiscal/operational plan, known as the Unified Planning Work Program (UPWP), and
- Measure and evaluate staff performance.

Ms. Leigh Holt, MPO, provided an overview of the Top Ten MPO Board Accomplishments:

1. Advanced Regional Roadway Priorities
2. Supported Innovative Design
3. Continued Multi Modal Emphasis Corridor (MMEC) Improvements
4. Initiated Regional Mobility Studies
5. Integrated Performance Measures into Planning/Projects
6. Coordinated Bicycle/Pedestrian/Trails Activates
7. Strengthened Community Partnerships for Performance-based Planning
8. Created New Public Outreach Program

Mayor Shirley Groover Bryant: I move to affirm 2018 Strategic Priorities.

Councilman Patrick Roff: I second the motion.

MOTION CARRIED UNANIMOUSLY.

2. US Federal Highway Administration (FHWA)/Federal Transit Administration (FTA) Certification Report

Federal law requires the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA) to jointly review and certify the metropolitan transportation planning process for each Transportation Management Area (TMA) every four years. An urbanized area with 200,000 or more in population is referred to, in federal legislation, as a TMA.

Ms. Danielle Blackshear, FHWA, presented an overview of the Federal MPO Certification process and the recent certification review of the MPO's planning process:

- The review of the Sarasota/Manatee MPO's planning process included a site visit by representatives from FHWA and FTA on August 14-16, 2017.
- Significant time was spent with the MPO staff, the Florida Department of Transportation (FDOT) and representatives of Manatee County Area Transit (MCAT) and Sarasota County Area Transit (SCAT) to discuss the status of the MPO's continuing, comprehensive and cooperative ("3-C") metropolitan planning process.
- The certification review evaluates the MPO's compliance with numerous statutory provisions of 23 U.S.C. 134, 49 U.S.C. 1607 and associated Federal requirements.
- Throughout the site visit, opportunities were afforded to local elected/appointed officials and the general public to provide their insights on the MPO's planning process.
- In addition to assessing the MPO's progress in addressing findings from the previous certification review, the recent site visit and review focused on the MPO's current and/or future implementation of Federal metropolitan transportation planning requirements.

The presentation included an overview of the TMA certification review process and review findings and the FHWA/FTA certification action issued as part of the *TMA Certification Review Report* and cover letter; The Sarasota/Manatee MPO received 6 Noteworthy Practices, 2 Corrective Actions and 2 Recommendations.

Ms. Danielle Blackshear, FHWA, stated that after performing site certifications for all MPOs within the State of Florida that the Sarasota/Manatee MPO had the best Certification in the State.

Project recommendations to date are available at
<http://www.swflroads.com/sarasotamanateebarrierislands>.

TBARTA REPORT

Mr. Ray Chiaramonte, Tampa Bay Area Transit Authority (TBARTA), provided an overview of the recent TBARTA activities:

- Van Pool have increased due to partnerships with private sector: up to 112 vans from 89 vans
- Regional school commute program is being expanded
- Due to legislation that was adopted last year that made TBARTA a Regional Transit Authority, TBARTA is now required to do a 10 year regional transit plan which will include Manatee County as part of the region

VIII. MEMBER COMMENTS
